

The Oasis Bar and Grill at Medina Lake LLC is pleased to announce that effective May 1, 2008, it has entered into a management agreement with Buonincontri Enterprises Inc. Paul Alan Boskind, owner of Oasis Bar & Grill at Medina Lake LLC stated, "We are very excited to have a new operator at the Oasis. Joe Buonincontri brings a wealth of restaurant knowledge and experience to the Oasis. He currently owns Luce Ristorante e Enoteca and was formerly the Director of Food and Beverage at the Westin La Cantera where he was responsible for all dining and banquet operations, including Francesca's at Sunset. Joe's banquet experience is especially well suited to the operation of our Special Events Center."

Under the management agreements, Buonincontri will be responsible for all restaurant operations. He is developing an exciting new concept, the "Lobster Roll at the Oasis" featuring seafood and a traditional Northeastern style lobster roll. Buonincontri stated, "I first experienced Lobster Rolls in East Hampton and have wanted to bring the concept to South Texas for some time. Set on a high point near the dam, the Oasis nestles among beautiful oaks trees and offers an incredible view of Medina Lake, especially at sunset. The Oasis is the perfect location for casual waterfront dining in the San Antonio metro area. I am excited to continue the fine tradition of the Oasis Special Events Center, which offers a unique setting for wedding receptions, corporate events, graduation celebrations and all other special parties. I will be working with the existing Oasis staff to further develop the atmosphere of fine dining and high quality customer service."
